## Compliance

PCI DSS, ISO 27001, ISM/PSPF, APRA, EU GDPR, SG PDPA, SG MAS TRM, NSW CSP, VPDSF, IS18, STAR CSA, ISAE 3402 (SOC 2), & more...

# What we do:

We hack your systems, exploit your processes and infiltrate your premises before the bad guys do.

We help executives protect and grow their businesses by balancing agility and security.

## About Privasec

Privasec is an independent security, governance, risk, and compliance consulting firm.

- We are vendor & technology agnostic
- We believe in business relationships based on trust, integrity and care
- We are onshore and we are not a body shop
- We are flexible – we get that priorities shift
- We adapt – we talk to both boards and techies
- Benefit from 100+ years of combined experience within Australia, Singapore and across the world

We believe security should align with business objectives and create value for the organisation.
